

SWIDLUX 46

IC RATED ALR12 WALLWASHER

FOR GYPSUM BOARD OR WOOD CEILINGS

SWIDLUX 46 IC RATED is a two-lamp wallwasher utilizing 12V 20W incandescent ARL12 lamps, with a 4" by 6" rectangular aperture. SWIDLUX expresses its function in a simple, readable form and a reduced scale. The slanted baffle can be finished to match the ceiling, and the light opening is closed with Solite glass. SWIDLUX works well in intimate modern environments due to its scale and the soft modulation of its light field. SWIDLUX is highly efficient, providing wallwash light levels at 40W per unit. SWIDLUX 46 IC RATED is designed for flangeless mounting in gypsum board or wood ceilings.

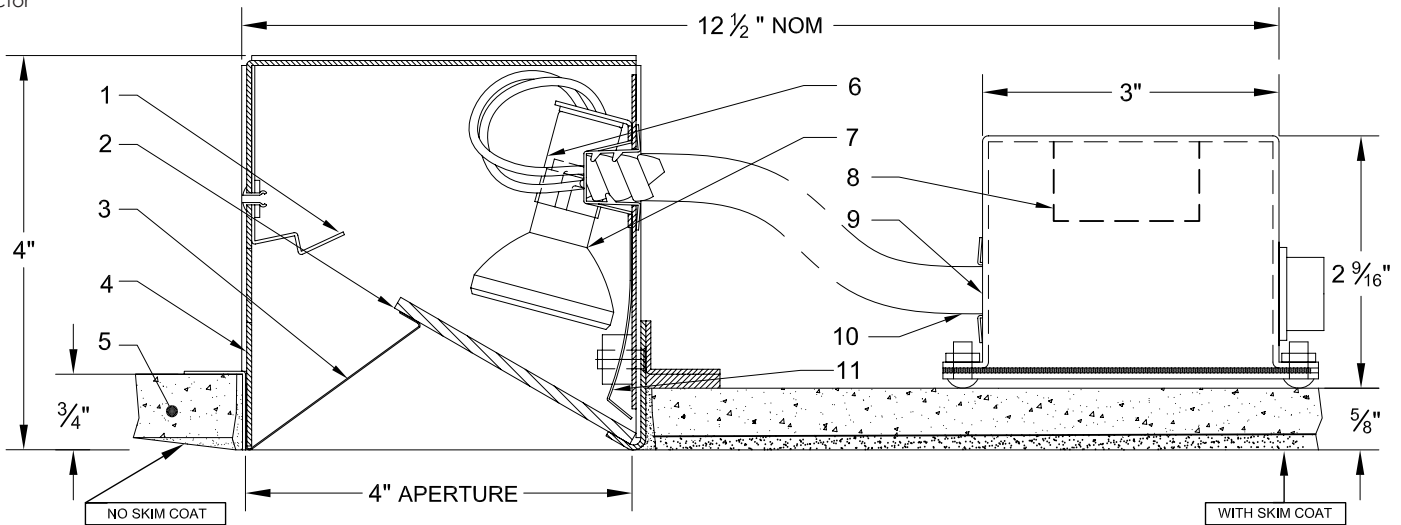

NOTES:

1. Lens support retaining clip
2. Solite glass lens
3. Stainless steel baffle
4. Housing
5. 5/8" gypsum board or 3/4" wood ceiling
6. Lampholder- bayonet base
7. Lamps: Philips 20W ALR/FL32/GBF (by others)
8. Electronic transformer
9. Transformer box
10. 6" flexible conduit
11. Reflector

FEATURES:

- Discreet 4" x 6" aperture with solite lens
- 2 x 20W ALR 12V lamps
- Trimless installation for gypsum board or wood ceiling
- Remodler- may be installed in closed ceiling
- Baffles can be finished to match ceiling
- Not for in-and-out wiring, once conduit hold only
- IC Rated luminaire with integral or remote transformer

SWIDLUX 46 IC is NRTL (Nationally Recognized Testing Laboratory) certified for purposes of OSHA safety standards product-approval requirements.
